Vorbemerkungen - Preface

Die Deutsch-Englische Kurzschrift ist eine im wesentlichen phonetische Schrift, deren Grundlage die englische Aussprache ist. Die stenografische Umschrift folgt für die Aussprache folgendem Standardwerk: *Everyman's English Pronouncing Dictionary. Originally compiled by Daniel Jones. Extensively revised and edited by A. C. Gimson. Fourteenth Edition. London, New York 1977.* - Die Deutsch-Englische Kurzschrift ist eine Übertragung der Deutschen Einheitskurzschrift auf die englische Sprache. Neue Zeichen und weitergehende Regeln sind nur dann verwendet worden, wenn es die sprachlichen Besonderheiten des Englischen erforderten.

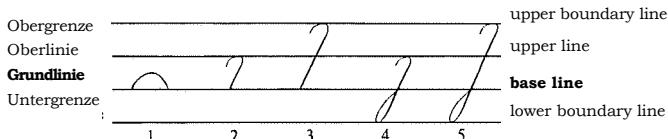

Dieses Lehrbuch setzt die Kenntnis der Deutschen Einheitskurzschrift nicht voraus. Wer das deutsche Kurzschriftsystem bereits kennt, wiederholt bei der Durcharbeitung der Deutsch-Englischen Kurzschrift zugleich Zeichen und Regeln der Deutschen Einheitskurzschrift.

Die Beispiele des Lehrbuchs sind besonders im Hinblick auf die Fachsprache der kaufmännischen Praxis ausgewählt worden. Wo immer möglich, entstammen sie dem gemeinsprachlichen Grundwortschatz und dem fachsprachlichen Grundwortschatz der Wirtschaft. Mit freundlicher Genehmigung von Verfasser und Winklers Verlag wurden die Geschäftsbriefe den in diesem Verlag erschienenen Englischlehrbüchern von Klaus KIRSCHNING entnommen.

Schreiben lernt man nur durch Schreiben! Sie sollten deshalb Zeichen und Regeln der Kurzschrift schreibend einüben. Lesen Sie also nicht nur die Beispiele der einzelnen Lehreinheiten, sondern schreiben Sie sie auch mehrmals genau und deutlich ab.

Schreibzeile im kurzschriftlichen Liniennetz ist die *Grundlinie*. Der Abstand zwischen zwei Linien wird als eine Stufe bezeichnet. Es gibt kleine, mittlere und große Zeichen. *Kleine Zeichen* sind höchstens eine halbe Stufe groß (1), *mittlere Zeichen* eine Stufe (2), *große Zeichen* zwei (ausnahmsweise eineinhalb) oder drei Stufen (3, 4, 5). Bei den großen Zeichen unterscheidet man *Oberlängen* (3), *Unterlängen* (4) und *Ganzlängen* (5).

Liniennetz und Zeichengröße - Writing system and size of signs

Writing line in the shorthand writing system is the *base line*. The space between two lines is called a step. There are small, medium and large signs. *Small signs* cover half a step at the most (1), *medium signs* one step (2), *large signs* two (exceptionally one and a half) or three steps (3, 4, 5). The large signs are divided into three forms: *upper length* (3), *lower length* (4) and *full length signs* (5).

You learn writing only by writing. Therefore, you should practise the signs and rules of shorthand by writing. Do not only read the examples of the lessons, but copy them repeatedly, exactly and distinctly.

left. or so, I run up river about 2000 ft. and
see above sort of a very old, low
ridge. I run along it about 450 ft., - then I
find a great deal of broken, old rock
debris. I run along it about 100 ft., - then
I find a lot of broken, old rock, - then

S/Ü: As complaints have to be made immediately after arrival of the consignment, the buyer investigates / the consignment at once. If the way the order has been executed by the seller / gives cause for complaint - damaged, spoilt, defective or wrong goods, deviation from sample, delay in delivery, and so on - the buyer will lodge / a complaint indicating clearly what

claims he has to make. 105

Letter of complaint

Dear Sirs, We have received the 50 / cases of Assam Tea as per our order
of Sept 15 and must inform you that the consignment has given 20
cause for complaint. On investigating / the contents of the cases we found that: 40
1. The tea in case 5 is completely spoilt. As the tea must have been exposed 60
to rain and as the packing was insufficient, the tea got wet in transit. 80
100

As this tea is unsaleable we ask you to ship a / replacement by air. 2. There is 120
a discrepancy between the packing / list of case 14 and your invoice. The 140
correct weight is entered on the invoice, but there are only 18 instead 160
of 20 lbs in the case. Please credit / our account with the amount concerned. 180
3. The tea in case 18 is not / up to sample. When comparing the tea 200

received with the sample we were surprised to find that the colour is not 220
the same. Your packing department has obviously made a mistake. As this type 240
of tea does not sell well here, we are only / prepared to keep it, if you grant an 260
allowance of 20 per cent. We / look forward to receiving your early reply 280
and hope that our next order will be / carried out with the usual care. Yours 300

faithfully, M F White & Co Ltd.

Answer to the letter of complaint

Dear Sirs, We have received your letter / of 12 of this month and are sorry that 20
your order was not executed with / the necessary care. We have arranged 40
for the immediate dispatch of / the replacement, and credited your account 60
with £ 15 in compensation / for the shortweight. As it is difficult 80
to sell this tea in England we are willing to grant the allowance of 100

per cent requested by you. Please accept / our apologies for the trouble caused 120
to you and rest assured that further orders / will be executed with the 140
greatest possible care. Yours faithfully, 151

S/U: Delay in delivery

Dear Sirs, We refer to our order for / binoculars and sun glasses which we 20
placed with you on April 15. We / had specially pointed out that delivery 40
had to be effected by April / 30 at the latest. As the consignment 60
which has already been disposed / of in the meantime, has not arrived 80
at the date fixed we shall be compelled to cancel the order if the 100

binoculars and sun glasses are not / received here by May 10. You will understand that we shall hold you liable / for any loss which may result from a further delay. Yours truly, 120
